

The street address of my office is:

250 D McKibben Hall (MCH)
2025 Zonal Avenue
Los Angeles, CA 90033.

The office is located in the portion of MCH linking MCH with the Mudd Memorial Research (MMR) building (see map below). If you enter from the center of the campus (for example, coming from the Biggy Street P6 parking structure), you enter on the “Bottom” (B) level. Take an elevator to the 2nd floor. Exit the elevator, jog to the right, and enter (without knocking) the entry room that leads to the office to your right.

If you enter the building from San Pablo, you enter on the 1st floor. On your left is a hallway. Enter the hallway and turn right (takes you towards the center of campus). Upon reaching the windows, turn right to find elevators that can take you to the 2nd floor. Exit the elevator, jog to the right, and enter (without knocking) the entry room that leads to the office to your right.

Parking (for a fee) is available in the P6 parking structure with an entry from Biggy Street. Metered parking is available on Biggy, Eastlake, and San Pablo streets; most convenient is to park on San Pablo and enter MCH from that street.
